FOUR EMPLOYEES TO RETIRE DECEMBER 31

Walter C. Cosier, Robert A. Szmala, Edmund J. Schultheis, Henry W. Finkendey

Retirement projects will probably be included in the New Year's resolutions of the four BNL employees named above. They will retire on December 31, 1962.

All of the retirees are senior BNL employees. Walter C. Cosier started in 1947, and is in the Plant Maintenance Division. Robert A. Szmala joined us in 1948, and works in Central Shops. Edmund Schultheis and Henry W. Finkendey started at the Laboratory in 1951 and 1954 respectively, and are both from the Plant Maintenance Division.

On behalf of all BNL employees, we wish them good luck and happiness in 1963 and the years to come.

CAFETERIA AND CENTER HOLIDAY SCHEDULE

On Friday December 21, the Cafeteria will be open from 7:30 a.m. to 2:00 p.m.; and the Snack Bar will be open from 2:00 p.m. to 6:00 p.m.

On Saturday, Sunday, Monday and Tuesday, December 22, 23, 24, and 25, the Cafeteria will be closed. On December 22 and 23 the Snack Bar will be open from 9:00 a.m. to 6:00 p.m.; and on December 24 and 25, it will be open from 8:00 a.m. to 2:00 p.m.

On New Year's Day, January 1, the Cafeteria will be closed, and the Snack Bar will be open from 9:00 a.m. to 2:00 p.m.

The three vending machines, recently installed in the Cafeteria, will be operating whenever the regular Cafeteria and Snack Bar are closed.

The Brookhaven Center will be closed on all of the above mentioned days, with the exception of previously scheduled Christmas parties.

NO BULLETIN BOARD NEXT WEEK

Tradition calls for the BULLETIN BOARD to vacation between Christmas and New Year's. Therefore, no issue will come out next week. Because of the New Year's Holiday on January 1, the next issue will be published a day later than usual on Wednesday, January 2, 1963.

VISITORS

Dr. Glen Seaborg, Chairman of the Atomic Energy Commission visited the Laboratory on Friday, December 14.

V.V. Kuznetsov, First Deputy Foreign Minister of the U.S.S.R., and members of his staff toured BNL on Tuesday, December 11.

ARTHUR MURRAY DANCE CLASS

DEMONSTRATION - CLASS ORGANIZATION

Wednesday, January 16, 8:30 p.m., at the Recreation Building.

PRECAUTIONS FOR CHRISTMAS

This is a quick check list so that you may have a joyous Christmas season and not one ruined by tragedy.

1. The tree trunk of your Christmas tree should be sawed off at least one inch above the original cut and the tree kept in water the entire time it is in the house.
2. Check all lighting sets for frayed wire, loose connections, and broken sockets.
3. Do not let Christmas wrappings accumulate in the house. Place them in a covered metal trash barrel or burn them in an incinerator at a safe location as soon as possible.
4. Use non-combustible decorations whenever possible.
5. Do not use the fire place to burn Christmas wrappings and decorations. Guard against flying sparks from a fireplace with a substantial screen.
6. Do not allow smoking near the tree amid decorations or wrappings. Have plenty of safe ash trays around and use them.
7. Keep matches, candles, etc. away from young children.
8. Plan what you must do if fire breaks out.
9. If fire strikes, get everybody out of the house, then call the fire department. Fight the fire only if you can do so safely, keeping an exit route open.

B.N.L.V.B.L.

Those initials don't stand for a new element being tested at the Physics Department, or Chemistry, or the Cosmotron, or Medical, or the Bubble Chamber. They stand for "Brookhaven National Laboratory Volleyball League".

What was tested last Tuesday evening, were the men of these five departments that played in the opening matches of the league. They passed with flying colors.

Medical took three from the Bubble Chamber 21-19, 21-16, 21-12; the Cosmotron stood off a determined last game rally by Chemistry, to pick up two points to Chemistry's one. The scores of this match were: Cosmotron over Chemistry 21-11 and 22-20 and Chemistry over the Cosmotron 21-12. Physics drew a bye but supplied two able officials who proved their knowledge of volleyball was every bit as good as their knowledge of the law of gravity, as perched high atop two ladders, they maintained their balance and dignity.

TEN YEAR PINS PRESENTED

Dr. Goldhaber presenting a Ten Year Pin to Rita Straub, with Mr. R. Vogt looking on.

The annual ceremony for awarding Ten Year Pins and Certificates, honoring those employees who completed ten years of service during 1962, was held last Wednesday afternoon, December 12, at the Brookhaven Center.

Dr. Maurice Goldhaber, Director, made the awards to 50 employees, and in a short talk, related several events that occurred in 1952. These included the start of the Summer Student Program, and the completion of the Biology Building. He also announced that the Cosmotron reached the energy of 2.3 Bev on June 10, 1952.

With Wednesday's ceremony, the number of Brookhaven employees who received Ten Year Pins reached 882.

Next week's matches pit the Cosmotron vs. Physics and the Bubble Chamber vs. Chemistry. Matches start at 5:15 p.m.

KEGLER'S KORNER**GREEN LEAGUE**

By the time this appears in print, the winner of the first half-season will have been decided. However the Monday nighters go into the last night with three teams, a spread of one and one-half games between them, within easy reach of the big prize. None of the Big Three are scheduled to bowl against each other, so the outcome can easily be determined by the non-contenders.

Bob Dvorak's Electronics Team with a team average of 962 has to put down Holmquist's Old Timers (951) in order to make good their 1 game lead. Gerry Walker's Old Timers (958) have to keep the Gnats (956) from upsetting their apple cart and Texiera's Fire Department Team (961) have an uphill fight, from a game and a half out, against Kampe's Reefers (935).

The Oddsmakers give the edge to the Electrons with their 9 point spread on their opponents, but none of the three teams can be counted out until Monday night.

For individual honors, Dvorak is determined to take Hi-Average for the year and with 176, he is not being threatened. Walt Ream's famous Nine-In-A-Row set up the Hi-Game and Hi-Series marks which have held good for nine weeks.

But, as the saying goes, "Wait until next half-year"!

Electronics	31
Old Timers I	30
Fire Department	29½
Old Timers III	25½
Blackbirds	25
Reefers	24
Gnats	22½
Old Timers II	20½

BASKETBALL

A trend seems to be taking shape in the BNL Slo-Break League. Three teams have unblemished records as of this writing. They are the Phoubars 4-0, the Old Timers 4-0, and the Blue Jays 3-0. A.D.D. and Applied Math have each garnered one win apiece while dropping two. The Bubble Chamber stands at one win and three losses, picking up their first win at the expense of the hapless Biology Five.

The most exciting game of the week was provided by Biology, however, as the battled A.D.D. right down to the final whistle, losing 23-19. Their record now stands at no wins and four losses. Metallurgy is still fielding only four men and has an 0 and 3 record.

The scores: Old Timers 34; Metallurgy 25; Blue Jays 35; Bubble Boys 27; A.D.D. 23; Biology 19; Phoubars 31; Applied Math 18; Blue Jays 37; Metallurgy 20;

Old Timers 25; Applied Math 21; Bubble Boys 37; Biology 12; Phoubars 33; A.D.D. 17.

Next week two undefeated teams face each other in the Phoubar - Old Timer contest. This game is not make or break however, as each club must face the still unbeaten Blue Jays. The outcome of those two games will tell the tale. Both teams would like to pick a feather from the bird's tail for their respective caps.

DISCOUNT TICKETS

"Carnival", America's magical musical, is now playing at the Winter Garden on Broadway and 50th Street, New York.
